

Helen Keller Prize for Vision Research Call for Nominations – 2028

The Helen Keller Eye Research Foundation is accepting nominations for the **2028** Helen Keller Prize for Vision Research, presented in partnership with the BrightFocus Foundation.

Established in 1994, the Helen Keller Prize is one of the most prestigious and coveted awards presented in the field of vision research.

Worldwide nominations are hereby requested that **recognize an individual or collaborative group of investigators of high character, for discoveries in basic or clinical research that have significantly advanced our understanding of vision or the practice of ophthalmology.**

Nominations solely recognizing administrative accomplishments will not be considered.

Submitted materials required are a maximum of two independently written letters of nomination describing the contributions of the nominee and his/her impact on visual science and/or eye care.

Each letter should not exceed three pages. The candidate's bio-sketch (NEI) or abbreviated CV, six-page maximum) should be included as well. Nominations should be sent electronically to:

lbeckwith@helenkellerfoundation.org, no later than January 31, 2027. The independent Prize Selection Committee includes scientists and physicians who are leading figures in the international ophthalmic community.
